

You are cordially invited to
The KCWE Drive-in Workshop for All Career & Technical Education Faculty
Assessment: Determining Student Grades in a Technical Program

When: Friday, March 16, 2012
9:00 am – 2:30 pm

Who: Post-Secondary technical education faculty

Where: Hutchinson Community College
Shears Technology Center
1300 N. Plum, Hutchinson, KS 67501

Why: This workshop will examine how to assess technical students in classroom, lab, and work-based learning situations. The program will include specific information concerning how student grades are calculated; how to develop grading criteria related to course outcomes and course competencies; and the development of assessment rubrics.

Activities: Bring at least one syllabus for a course that you currently teach
Parking Information: Our parking lots allow for “open parking” on a first come first serve basis. Feel free to park in the Sports Arena West lot off of 11th Street, or near the Shears Technology Center as space allows
Driving directions and campus maps can be found at www.hutchcc.edu

Registration: \$75 for KCWE member institutions
\$100 for non-KCWE institutions
Pre-register for workshop by emailing David Mullins (mullinsd@hutchcc.edu) your name, institution, and workshop by **Thursday, March 8**. Registration is complete upon payment—a PO number or a check made payable to HCC (identify KCWE workshop).
